VIRTUAL CLASSROOM PLATFORM

inClass Solution

inClass is a cloud-based SaaS virtual classroom platform that transforms every traditional classroom of schools, colleges, or universities into a boundary-less virtual space where students and teachers can interact in a face-to-face real-life session very easily.

Why choose inClass?

- State-of-the-art Learning Management Suite
- Ability to Conduct Virtual Counseling
- Lecture Capture for On-Demand Learning needs
- Attendance Management
- Online Examination and Evaluation

inClass helps the education sector to be more efficient & cost effective.

BENEFITS

Easy IT Administration

inClass can be deployed, and managed effortlessly, even with minimal IT support.

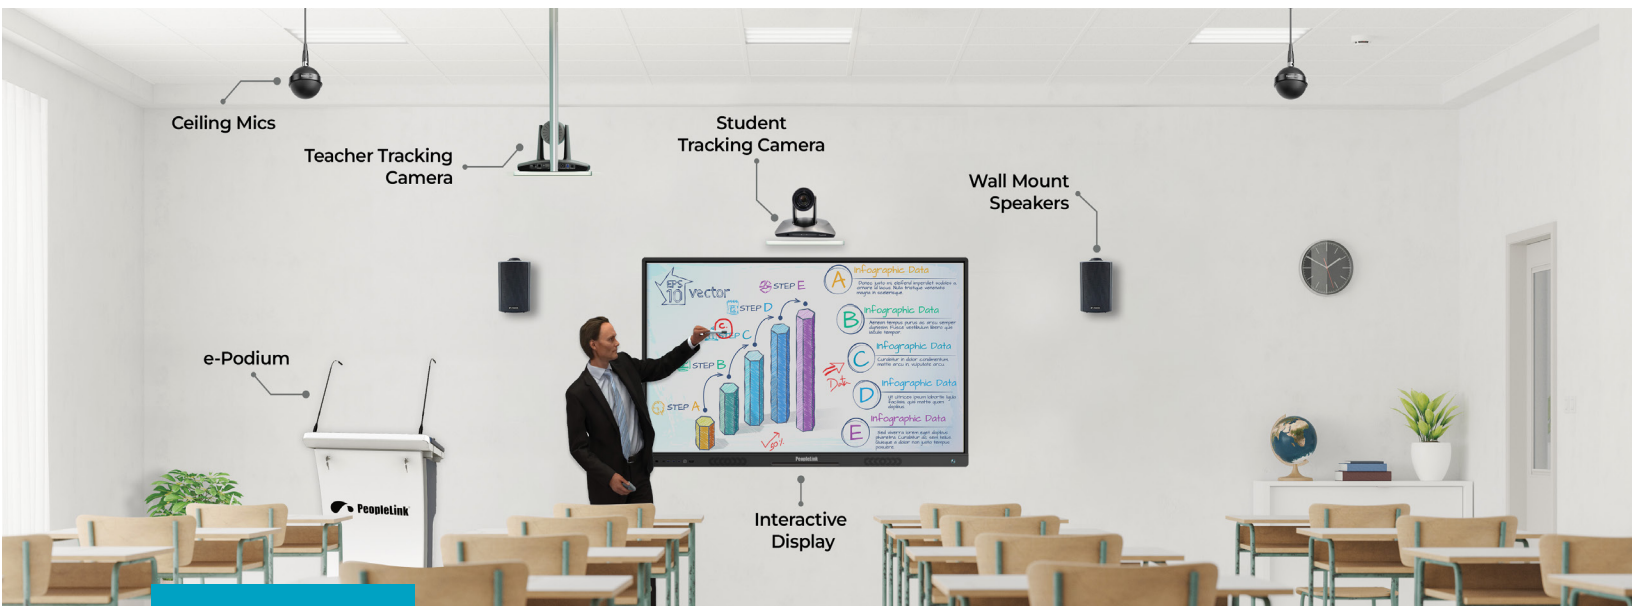

Collaboration & Content Management

inClass seamless video conferencing makes the virtual classroom more engaging and helps students and teachers to be more productive.

Secure, Affordable and Easy to Use

inClass works on WebRTC platform with AES encryption which ensures highest reliability and security.

One of the Most Advanced Hybrid Classroom Solution

The education sector is undergoing major transformational changes. The learning community is demanding greater ease & access and the management is trying to provide these while controlling costs.

PeopleLink Video Enabled Solutions offering rich content sharing with superior quality video and audio solutions address these challenges by empowering educators & learners to experience exceptional, high impact learning.

To complement the software, PeopleLink has hardware solutions such as Digital Podiums, Interactive White board Solution, Interactive Touch Displays, Teacher and Student Tracking Cameras, Ceiling Mics and Document Cameras etc.

Challenges Faced by The Education Sector

- Raising the performance standards of the learners.
- The technical limitations of staff prevent institutions from adopting new technologies.
- Traditional teaching methods limit the scope of learning for students.
- Teachers cannot offer adequate guidance to students outside the physical classroom.

Benefits of the Solution

- PeopleLink's solution enables connectivity, collaboration, sharing, and feedback.
- PeopleLink's PTZ Camera series enables effective lecture capture and recording.
- Teachers will now have a tool to expand their scope of teaching and make learning more engaging & fun.
- Teachers and the staff can get easily and quickly trained to use the solution.
- Educators can provide a more streamlined and effective counseling experience to their students.

FEATURES

- Stunning 4K UHD resolution redefines clarity
- High accuracy touch screen
- All-channel annotating
- Built-in Android writing software with hand writing recognition and object recognition
- Built-in 4K Android System UI
- OPS (Optional)
- Screen mirroring
- Option to Split screen in Whiteboard Mode
- Multiple wireless device sharing simultaneously
- Screen capture to save and email
- Support auto turn off
- Sleep timer and the other features
- Support CEC (Consumer Electronics Controls)
- Support wake up on HDMI, wake up on LAN
- Support HDCP 2.2 (HDMI 1.4/2.0)
- 20 Points Touch (Windows)
- 10 Points Writing (Android)
- HDMI IN / HDMI (eARC) / VGA IN / PC Touch / USB 2.0 & 3.0 / Audio IN / TransFlash Port

One of the World's First Virtual Classroom Enabled Podium

The ePodium Delta Plus/Ultra/Elite is a podium with a PC, audio, and control system integrated into it. It allows you to manage every aspect of your presentation from one place, including controlling the projector, projecting content, annotating on the content, and managing the ambient light or temperature.

ePodium

Multichannel AIO DSP

- Operating range of 90 feet
- 8 Ohms @ 50W
- Frequency Res: 80 Hz -18 KHz
- Built-in AEC, AGS, DNR
- 1 Handheld +1 Lapel Mics

Wall Mount Speakers

- Dustproof & Water-resistant
- 8 Ohms impedance
- 50 Watts RMS
- Titanium Dome Tweeter
- Polypropylene Woofer

21.5 Inch Touch Screen

- 1920 × 1080
- Projected capacitive touch
- 10 Touch points
- 1.07 billion in lieu of Billion
- 180 cd/m² (OD18)

InstaController

- Central Control System
- 3 Nos Bi-directional RS-232 Ports
- 2 Nos Hybrid RS-232/IR Ports
- 1 Nos RJ-45 Port
- 5 Nos High Voltage Relay Controls.

Multimedia Controller

- HDMI Switching
- Universal Serial Bus Switching
- VGA Interface
- USB Version 3.0
- Controlling the screens

HDMI, USB Cables

- 4K@60Hz 4:4:4, AOC Cables
- Speed :- 18 Gbps Bandwidth
- Supported Color Spaces:- 4K60, EDID, ARC, CEC, HD
- CPl.4 & HDCP 2.2 Supports

Classroom Products

Make Your Classroom Future Ready with PeopleLink end-to-end Collaboration Hardware Solutions for all your Classroom and Campus Needs.

Teacher/Student Tracking Camera

- 1/2.8" Exmor CMOS, 2.14MP
- 1920x1080@60fps
- 20x Optical Zoom
- 12x Digital Zoom
- 59.5° Field of View
- USB3.0, SDI, DVI connectors
- Support H.264/H265/MJPEG

Teacher Tracking Alpha

- Sensor 1/2.8", CMOS,
- Effective Pixel: 8.46M
- 8x Digital Zoom
- H.265, H.264, MJPEG

Multichannel AIO DSP

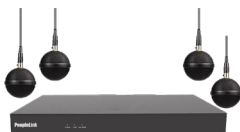

- Rack Mountable DSP
- Operating range of 90 feet
- 8 Ohms @ 50W
- Frequency Res: 80 Hz-18KHz
- Built-in AEC, AGS, DNR
- 1 Handheld +1 Lapel Mics
- Integrated SMT Circuit

PeopleLink CM Alpha

- Digital Microphone Array, (8-meter distance voice pickup microphone)
- Easy to install whether on the desk or on the wall.
- Built-in 7 Microphone Array
- Ideal for a standard classroom, a large conference room

Pro Audio DSP (12 Channel)

- 3A Algorithm AEC, AGC, ANS
- 8 microphone inputs and 4 line inputs
- 6 balanced outputs
- Phoenix connectors
- 1 USB2.0 type A interface
- 4 omni-directional ceiling microphones

Look-At-Me Controller

- Wireless Look At Me
- 8/16 Wireless Buttons
- RS-232 Control for PTZ Cameras
- Pelco-P/Pelco-D/Visca Commands
- RF Based

PeopleLink Dante Based Ceiling Microphone & Speakers

The Dante Based Ceiling Microphone features easy suspension mount installation, connects via POE cables to network switches, includes 5m and 10m cables, and integrates seamlessly with Dante speakers for optimal audio performance.

Key Features

- Suspension Mount Accessory: Designed for easy ceiling installation
- Network Connection: Uses Power over Ethernet (POE) for connectivity
- Cable Requirements: Includes 5-meter and 10-meter POE cables for flexible setup
- Compatible Network Switches: Requires two 8-port or one 16-port network switch
- Scalability & Flexibility: Dante ensures low latency, redundancy with highly synchronized reliable and robust audio network
- Power: 30W Power with 65Hz to 20kHz frequency response.

PeopleLink's Digital Classroom Solution Bundles

Studio Classroom Solution

Bundle Pack Products

Interactive Display + OPS + Telepresence Video wall +
Teacher Tracking Cameras + PeopleLink ePodium +
Multichannel AIO DSP & Speakers + Room Appliance with
Touch Controller

Digital Classroom Solution – 1

Bundle Pack Products (50-100 Pax)

Interactive Display + OPS + Elite 4K 20x Camera + Wall Mount
Speakers + AIO DSP 200W + Look At Me Controller +
USB/HDMI Cables

Digital Classroom Solution – 2

Bundle Pack Products (50-100 Pax)

Interactive Display + OPS + Teacher/Student Tracking
Camera + PeopleLink ePodium + Pro Audio DSP & 4 Ceiling
Microphones + Amplifier + Speakers + USB/HDMI Cables

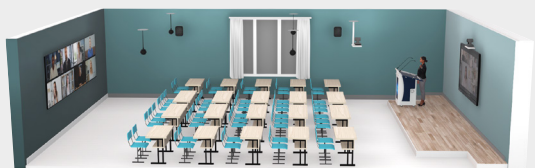

Smart Classroom Solution – 1

Bundle Pack Products (50-100 Pax)

Interactive Display + OPS + PeopleLink ePodium + Elite 4K 12X/20X
Camera + Ceiling Microphones + Ceiling Speaker + PeopleLink Dante
DSP + Insta Controller + HDMI Splitter + Video Mixer & Tracking + i5
FGHD Micro Factor Codec + USB/HDMI Cables

Smart Classroom Solution – 2

Bundle Pack Products (50-100 Pax)

Interactive Display + OPS + Telepresence Video wall Teacher-
Student Tracking Camera + PeopleLink ePodium + Pro Audio
DSP & 4 Ceiling Microphones + MCC DSP 200W +
Speakers + USB/HDMI Cables

Hybrid Classroom Solution

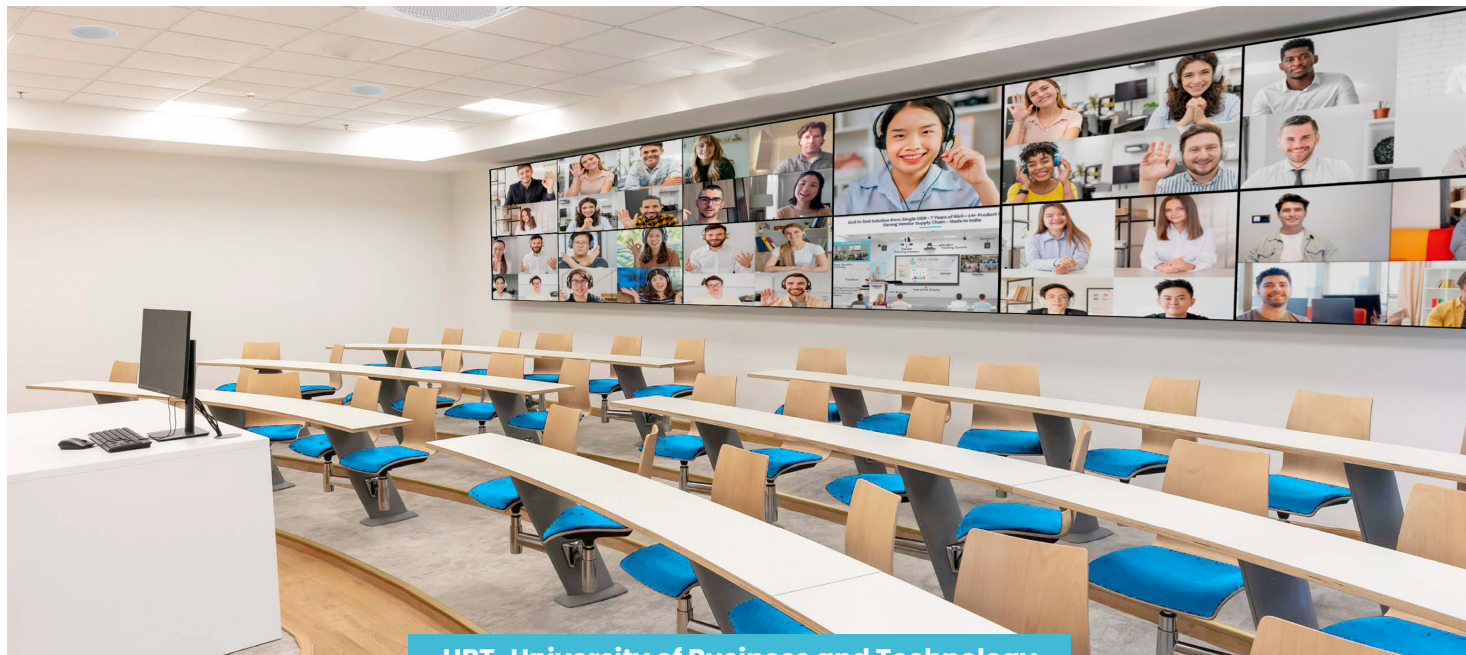

Bundle Pack Products (50-100 Pax)

Interactive Display + OPS + PeopleLink ePodium + Teacher/-
Student Tracking Camera + Ceiling Microphones + Ceiling
Speaker + PeopleLink Dante DSP + i5 FHD Micro Factor Codec
+ UHF with Hand held Mics + USB/HDMI Cables

Why Choose Award Winning PeopleLink Products & Solutions

PeopleLink is a trusted leader in audio-video collaboration technology , offering ISO-certified products (ISO 9001:2015, ISO 14001:2015, ISO 27001:2013) that meet global standards like RoHS, CE, FCC, BIS, and CB certifications.

Our products and solutions are designed to create interactive, technology-enhanced learning and interactive collaboration solutions that benefit our clients. Here's why institutions worldwide choose PeopleLink:

Key Benefits of PeopleLink Products & Solutions:

- **Trusted by Thousands:** Join a global network of satisfied customers transforming education within India as well as across Middle East, Africa, Asia and North America.
- **Seamless Integration:** Easily connect with existing projectors, laptops, tablets, and equipment without hassle.
- **Teacher-Friendly Design:** Intuitive interfaces reduce preparation time and improve teaching efficiency with ready-to-use resources.
- **Interactive Learning Tools:** Boost student engagement with tools that encourage participation and deeper understanding.
- **Energy-Efficient Technology:** Reduce costs and environmental impact with eco-friendly solutions.
- **Affordable Options:** Interactive Panels every organization's budget, making advanced learning accessible to all.

Certifications and Accessibility

Available on: EdCIL (Rate Contract), GeM, and as part of the Make-in-India initiative.

Award-Winning Quality: Recognized for innovation and excellence in education technology.
